

## NOTICE:

This is an image dataset designed for restoring old photos. This dataset contains both noisy and original images.

Due to the constraints in dataset size, here we have only uploaded the raw, noisy images of old photos. For the original photo dataset, please refer to DIV2K and CelebA. In addition, this dataset will be continuously updated. Please feel free to contact us via email (haoqingbo4546@163.com) if you have any specific requirements.
